

SPICER HALLFIELD

Avanta
Collection
2006

Introduction

The Avanta Collection brings together modern allure with stylish design detail, mirroring the move towards less formal more candid pictures. Through the use of contemporary design both in terms of cover materials, and the extensive variety of page layout options Avanta allows for the creation of unique and truly personal albums, for either Portraiture or Wedding photographs.

Eros A3 Book Bound Album

An impressive, versatile album, covered with a soft matt material with leather grain finish.

Framed Image Books

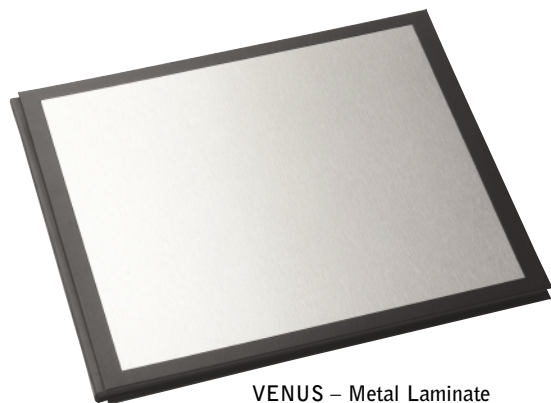

In line with the contemporary styling of our Avanta range, Framed Image Books display large format prints set within a board framed edge. Available in four cover style options, we offer both Portrait and Landscape orientations to hold 11"x14" prints.

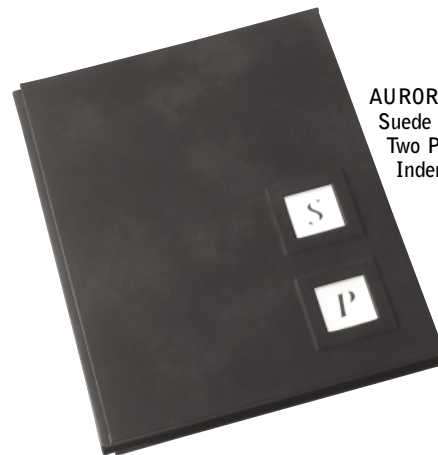

EROS – Black

HERA – Metal Laminate
with Indentation

VENUS – Metal Laminate

AURORA – Black
Suede Effect with
Two Plaque
Indentations

Reportage Book or Post Bound Albums

Perfect for those seeking to move away from square format albums, without stepping up to our A3 design. Reportage albums are available in either Book Bound format where pages are joined through binding, or Post Bound format where individual pages are assembled into covers.

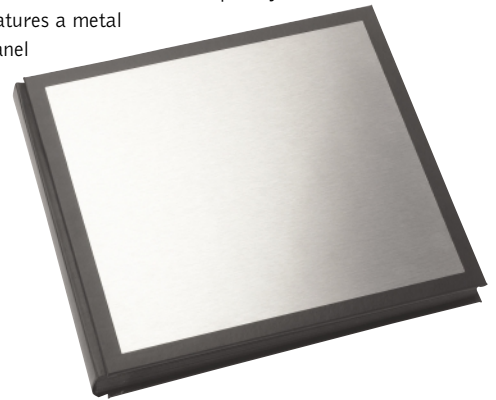

Eros

Stylish in its simplicity, Eros is covered with a soft matt material with leather grain finish, with black pages.

Venus

Combining modern materials with contemporary styling, Venus features a metal laminate front panel framed by matt black leather effect material.

Hera

For the ultimate finish, Hera features a rectangular aperture cut into the metal laminate front panel, allowing either an image or wording to be included as further personalisation to your album.

Aurora

Finished with a luxurious soft suede feel material, Aurora features apertures to hold two personalisation plaques, ideal for displaying initials of a newly married couple.

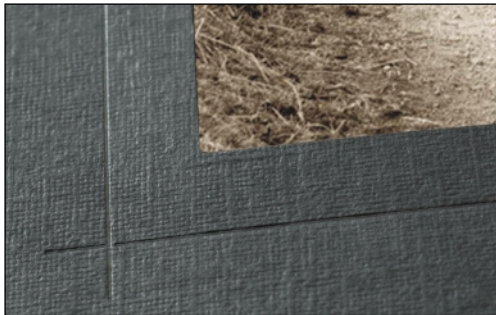

Thank You Mounts

Matt White covers featuring a subtle linen embossed surface and overlay made with matching board, with embossed aperture line crossing in each corner. Blocked 'Thank You' in silver on bottom right hand corner of front cover.

Slip In Mounts

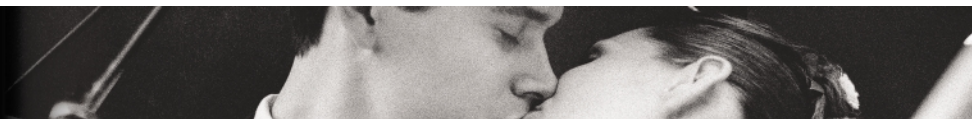

The impact of individual prints can be maximised through Avanta Matt Black Slip In Mounts. Finished in the same board texture as overlays from our Album range, these mounts feature a subtle embossed line around the aperture, crossing in each corner.
